

## A professional development opportunity for tertiary art students.

Noosa Regional Gallery invites tertiary art students to apply for one of two places at Books.07, the Gallery's 11<sup>th</sup> annual artists' books exhibition and symposium, Interaction.07

Two successful students will join a number of other highly skilled, successful practitioners and dynamic younger artists as presenters at Interaction.07 on 1 & 2 September 2007.

A feature of this year's Interaction is a session on zines, a dynamic hybrid area of creative exploration having a significant crossover with artists' books.

The successful students will:

- Exhibit a selection of their artwork during Books.07
- Participate in Interaction.07, the two-day artists' book symposium
- Deliver a brief artist's talk to a national audience
- Join a panel discussion on education
- Attend Books.07 opening 31 August 6pm
- Attend Interaction.07 dinner on 1 September 7pm

Noosa Regional Gallery will pay a \$150 speakers fee, meet travel and accommodation expenses and provide free entry to Interaction.07 and the Interaction.07 dinner.

This is a unique opportunity to promote your art practice by participating in a national event, with exposure and networking opportunities.
